

### **OUR MOST** CAPABLE **HEAVY-DUTY PICKUP.**

Its name - stamped front and center. A daily reminder of the inherent strength that defines Ford F-Series Super Duty® pickup. When productivity is your lifeblood, this is your tool. From F-250 to F-450, in work-ready XL to luxurious LIMITED, this truck's work ethic is legendary. The available TREMOR® Off-Road Package, which can be outfitted to include an available 12,000-lb. capacity Ford Performance Parts winch by WARN, only adds to the storied heritage of Super Duty capability. Our dedication to Built Ford Tough® fundamentals has produced this: our most capable heavy-duty pickup. And this: F-Series. America's best-selling trucks!

F-450 LIMITED CREW CAB 4x4. Star White Metallic Tri-coat.<sup>8</sup> Available 5th-Wheel/Gooseneck Trailer Tow Prep Package. Available equipment. (Max. Payload 4,840 lbs., Max. Gooseneck Towing 30,800 lbs., and Max. GCWR 43,500 lbs.)

BUILT PROUD

# TENACIOUS TORQUE.

In heavy-duty trucks, torque is the name of the game. And Super Duty® pickup has made a name for itself with stump-pulling torque and horsepower from our available 6.7L Power Stroke® V8 Turbo Diesel and available 7.3L V8 gas engines. They join the standard 6.2L V8 gas on F-250 and F-350 to form an incredibly robust engine lineup. All 3 powerplants, along with an available TorqShift® 10-speed automatic transmission and the TorqShift-G 6-speed automatic, are engineered and built by Ford. So whichever Built Ford Tough® powertrain you choose, it's designed to work seamlessly with Super Duty chassis components and vehicle calibrations. Letting you focus on building a better world, one project at a time.

### 6.7L V8 TURBO DIESEL

BEST-IN-CLASS
MAX. AVAILABLE HORSEPOWER

1,050 LB.-FT. TORQUE 475 HP

### 7.3L V8 GAS ENGINE

BEST GAS MAX. AVAILABLE TORQUE & HORSEPOWER IN THE CLASS

475 LB.-FT. TORQUE

### 6.7L POWER STROKE V8 TURBO DIESEL

1,050 LB.-FT. MAX. TORQUE | 475 MAX. HORSEPOWER

"You can't help but be awed by its 1,050 lb.-ft. of torque," Autotrader says Autotrader.

A 36,000-psi fuel-injection system helps it optimize combustion and provide excellent throttle response. Forged-steel pistons provide high firing pressure capability and less friction for improved durability. A turbocharger with fully electronic vane actuator helps cold-weather performance, while the grille design ensures plenty of airflow to help keep things cool.

### 7.3L 2-VALVE V8 GAS

475 LB.-FT. MAX. TORQUE | 430 MAX. HORSEPOWER

Built from the ground up as a dedicated truck engine, this beast is the largest displacement V8 engine in the class. To help maintain optimum engine performance, its stout design features: cast-iron engine block construction; a forged-steel crankshaft; carbon-nitrided needle bearings in the valvetrain; robust pistons and ring packs with anti-wear coatings; piston cooling jets; and a variable-displacement oil pump located in the pan. Tough lives here.

### 6.2L 2-VALVE V8 GAS

430 LB.-FT. MAX. TORQUE | 385 MAX. HORSEPOWER

By supplying working power throughout the rpm range, the 6.2L V8 delivers an exceptional combination of driveability, hauling and towing performance. Dual-equal variable cam timing phases the intake- and exhaust-valve opening and closing events simultaneously to help optimize low-end torque and peak horsepower.

F-350 DRW LARIAT™ CREW CAB 4x4. Iconic Silver Metallic. Available Chrome Package. Available equipment. (Max. Conventional Towing of 21,200 lbs. when equipped with the available diesel engine.)

From 2020 Ford F-Series Super Duty Review on Autotrader. Autotrader is a registered trademark and used with permission.
 Horsepower and torque are independent attributes and may not be achieved simultaneously.

# PURPOSEFUL POWER DELIVERY

### TORQSHIFT® 10-SPEED **AUTOMATIC TRANSMISSION**

In the unforgiving landscapes where Super Duty® pickup excels, smooth and efficient power delivery provides the strength and capability to get the job done. Our robust, available TorqShift 10-speed automatic, which can be paired with all 3 engines, is calibrated specifically for heavy-duty work. With a tall 4.615 1st-gear ratio producing outstanding starting torque, the 10-speed also offers a wide range of overdrive gears. A state-of-the-art hydraulic control system supplies smooth, fast shifts and exceptional gear selection.

### SELECTABLE DRIVE MODES

Match your mode to the road with Tow/Haul, Deep Snow/ Sand, Slippery, Normal and Eco. The available TREMOR® Off-Road Package adds a Rock Crawl drive mode.

### LIVE-DRIVE PTO PROVISION

With stationary- and mobile-mode operations, the available PTO provision can power snow plows, generators, sprayer pumps and more. Directly linked to the engine crankshaft, the PTO output gear delivers power anytime the engine is running – whether the truck is moving or not. The available diesel powertrain includes split-shaft capability, which allows for the operation of multiple

accessories at the same time when the truck is stopped.

**AVAILABLE POWER** TAKEOFF (PTO) OUTPUT UP TO

300 LB.-FT.

This de the Money

F-250 KING RANCH® CREW CAB 4x4. Antimatter™ Blue/Stone Gray Metallic two-tone. Available 5th-Wheel/Gooseneck Trailer Tow Prep Package Available equipment.

1. Stationary-mode PTO max. torque ratings: 300 lb.-ft. on diesel, 250 lb.-ft. on gas. Mobile-mode PTO max. torque ratings: 200 lb.-ft. on diesel, 125 lb.-ft. on 7.3L gas, 115 lb.-ft. on 6.2L gas.

## RISE ABOVE.

TACKLE TOUGH TERRAIN IN TREMOR®

31.70 APPROACH ANGLE

With an impressive 10.8" of ground clearance, the available TREMOR Off-Road Package can turn your Super Duty® pickup into an incredibly capable off-road machine. Without compromising any of its heavy-duty capability (max. available towing of 21,900 lbs.¹ and max. available payload of 4,210 lbs.²), a TREMOR equipped Super Duty adds rock crawling, steep hill climbs, and mud bogging to its already formidable list of skills. Raise your XLT through PLATINUM® model to the next level with the available TREMOR Off-Road Package.

Max. payload varies and is based on accessories and vehicle configuration. See label on door jamb for carrying capacity of a specific vehicle.

## TOWIT. TONSOFIT.

A Super Duty® pickup isn't just built to a number. It's designed, engineered and tested so you can tow up to 37,000 lbs! with confidence. Available electronically controlled hydraulic steering and available adaptive steering help make it easier to control and drive, especially when towing heavy loads. Standard Trailer Sway Control helps keep truck and trailer in line. The available Ultimate Trailer Tow Camera System includes 5 cameras (views shown at right) to monitor all the action, plus classexclusive Pro Trailer Backup Assist™ with Trailer Reverse Guidance<sup>2</sup> makes parking your trailer as simple as turning a knob, once programmed.3

The zoom feature of this view is particularly helpful when connecting a 5th-wheel or gooseneck trailer.

TRAILER REVERSE GUIDANCE VIEW Automatically switches between side and rear camera views to show you what's most relevant while backing up any trailer – including 5th-wheel and gooseneck – and provides screen graphics to help guide you.

The front, rear and sideview mirror cameras of this system allow you to toggle through the following views: front and rear normal, front and rear split-view, and front and rear normal + 360.

F-350 PLATINUM® CREW CAB 4x4. Antimatter™ Blue Metallic. Available FX4 Off-Road Package. Available equipment and aftermarket accessories. (Max. Conventional Towing of 20,000 lbs. when equipped with the 8' box and available diesel engine.)

1. Max. gooseneck tow rating of 37,000 lbs. available on F-450 Regular Cab 4x2 with diesel engine (not shown). Max. towing varies based on cargo, vehicle configuration,

accessories and number of passengers. 2. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See owner's manual for details and limitations. 3. Please consult your owner's manual or Pro Trailer Backup Assist Quick Start Guide for information on setting up your trailer.

## CONFIDENCE. MILE AFTER MILE.

From the work site to the highway, we can all use more confidence at the wheel. That's why the F-Series Super Duty® pickup offers an extensive, well-rounded collection of standard and available driver-assist technologies. These advanced features are about supplementing your driving skills! Helping you feel confidently in command at the wheel.

### F-350 PLATINUM® CREW CAB 4x4. Star White Metallic Tri-coat.<sup>2</sup> Available TREMOR® Off-Road Package. Available and aftermarket equipment.

1. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See owner's manual for details and limitations. 2. Additional charge.

comes first, but cannot extend beyond the complimentary subscription period for remote features. To activate, go to www.att.com/ford. 2. Some features may be locked

out while the vehicle is in gear. Not all features are compatible with all phones. 3. Remote start and remote lock/unlock require power door locks. 4. FordPass Connect,

features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. **3.** Qi wireless charging may not be compatible with all mobile phones. **4.** From 2020 Ford F-Series Super Duty Review on Autotrader. Autotrader is a registered trademark and used with permission.

Super Duty® pickups are built to handle your toughest jobs. Our confidence comes from the millions of miles of testing they've already endured. Before punishing vehicles at our proving grounds, we conduct virtual testing of components in the lab. We drive prototype vehicles at temperatures from -20°F to 120°F. We also put models in the hands of people like you, working in some of the harshest environments. Engine thermal shock tests swing ambient temperature 250°F in under 2 minutes, while powertrain tests replicate going up a 6% grade for over 500 miles without stopping. The Super Duty lineup also endures 4-post frame-twists, gravel, water, and salt brine and mud baths. We do it all so you can drive a Ford F-Series – the toughest trucks we know how to build.

### HIGH STRENGTH - DOESN'T RUST

The Super Duty body and cargo box are made from high-strength, military-grade, aluminum alloy¹ that's hardened through heat treating for even greater strength. Plus, the body and cargo box don't rust and resist corrosion. That's leadership that counts. For years down the road.

### **ENGINEERED FOR EXTREMES**

Driveshafts, transfer cases and U-joints are engineered to handle the monstrous torque output of Super Duty pickup. In the 4WD transfer case, an electromagnetic clutch provides smooth and immediate shift-on-the-fly capability in conditions where additional traction is needed.

Integrated into the frame – and using so much highstrength steel that weight-equalizing bars aren't needed – saving time and effort when hooking up a trailer. On many configurations, hitches are weightcarrying up to the max. tow ratings.

### STRONG AND CAPABLE REAR AXLES

Ratios range from 3.31 to 4.30. Available choices include non-limited-slip, limited-slip and electroniclocking. Gear and bearing designs are engineered and optimized by weight for the extreme capability of Super Duty.

## 3 LEVELS OF SUPER DUTY CAPABILITY.

There's capability. And then there's Super Duty® pickup capability. Within each heavy-duty truck subsegment – 250/2500 Pickups, 350/3500 Pickups, 450 Pickups – an F-Series Super Duty puts up impressive numbers in these critical measures of all-around capability: max. conventional towing, max. gooseneck towing and max. payload. Our owners expect it. The 2021 Super Duty delivers.

### STANDARD FEATURES

### MECHANICAL & FUNCTIONAL

2.5" trailer hitch receiver (F-250; F-350 SRW with gas engines)

3.0" trailer hitch receiver with 2.5"-3.0" sleeve reducer (F-350 SRW with diesel engine; DRW)

4-wheel disc brakes with Anti-Lock Brake System (ABS)

**5th-Wheel/Gooseneck Trailer Tow Prep Package** (F-450): 1 under-bed frame crossmember, 5 pickup bed 5th-wheel/gooseneck attachment points and close-out plugs, and an integrated 7-pin connector on the driver's side pickup bed wall (see dealer for 5th-wheel/gooseneck hitch compatibility)

7-wire trailer tow wiring harness with relays and 7-/4-pin connector

Axle - Narrow-track front (F-250/F-350)

Axle - Wide-track front (F-450)

Electronic shift-on-the-fly (ESOF) transfer case with manual-locking hubs (4x4)

Front license plate bracket

Front stabilizer bar

Heavy-duty gas shock absorbers

Hydraulic power-assisted steering

Intelligent Oil-Life Monitor® (diesel engine)

Jack (2-ton mechanical with SRW; 4-ton hydraulic with DRW)

Leaf-spring rear suspension

Oil-life minder (gas engine)

Spare wheel, tire, lock and frame-mounted carrier (optional with pickup box delete)

Stationary Elevated Idle Control (SEIC)1

Trailer brake controller with Smart Trailer Tow Connector (DRW)

Twin-coil monobeam front suspension with stabilizer bar (4x4 and F-450 4x2)

Twin-I-Beam coil spring front suspension with stabilizer bar (F-250/F-350 4x2)

### FORD CO-PILOT360™ TECHNOLOGY

Autolamp (Automatic On/Off Headlamps)

Hill Start Assist

Rear View Camera with Dynamic Hitch Assist

Trailer Sway Control

### **CONNECTIVITY & ENTERTAINMENT**

12V powerpoint in instrument panel

FordPass™ Connect<sup>2</sup> with 4G LTE Wi-Fi hotspot capability<sup>3</sup>

### EXTERIOR

Center high-mounted stop lamp (CHMSL) with cargo lamp

Configurable daytime running lamps

Front tow hooks

LED roof marker/clearance lamps (DRW)

Pickup box with rail and tailgate moldings, and 4 tie-down hooks

Removable tailgate with key lock

Underhood service lamp

Variable-intermittent windshield wipers with washers

### SAFETY & SECURITY

AdvanceTrac® with RSC® (Roll Stability Control™)

Driver and right-front-passenger front airbags, front-seat side airbags, and Safety Canopy® System with side-curtain airbags and rollover sensor

Front-passenger airbag deactivation switch

Individual Tire Pressure Monitoring System (F-250/F-350; excludes spare)

MyKey® technology to help encourage responsible driving

SecuriLock® Passive Anti-Theft System

SOS Post-Crash Alert System™

<sup>1.</sup> Final-stage manufacturer must supply control switches. 2. FordPass Connect, the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. 3. Wi-Fi hotspot includes complimentary wireless data trial that begins upon AT&T activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first, but cannot extend beyond the complimentary subscription period for remote features. To activate, go to www.att.com/ford. 4. Always wear your safety belt and follow airbag warning label instructions. 5. Restrictions may apply. See your dealer for details. 6. Requires availability may vary by model, model year or trim. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service will automatically stop at the end of your trial unless a subscription is purchased. See the SiriusXM Customer Agreement at www.siriusxm.com for complete terms. Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change.
8. Ford Licensed Accessory. 9. Do not place additional floor mats or any covering on top of the original floor mats.

Payload Notes: Maximum payload capabilities are for properly equipped base vehicles with required equipment and a 150-lb. driver and vary based on cargo, vehicle configuration, accessories and number of passengers. See label on door jamb for carrying capacity of a specific vehicle. For additional information, see your Ford Dealer.

Towing Notes: Trailer tongue (trailer king pin for 5th-wheel towing) load weight should be 10% (15% for 5th-wheel towing) of total loaded trailer weight. Make sure vehicle payload (reduced by option weight) will accommodate trailer tongue (trailer king pin for 5th-wheel towing) load weight and weight of passengers and cargo added to towing vehicle. Addition of trailer tongue (trailer king pin for 5th-wheel towing) load weight and weight of passengers and cargo must not cause vehicle weights to exceed rear GAWR or GVWR. These ratings can be found on the vehicle Safety Compliance Certification Label.

Horsepower, torque, payload and towing are independent attributes and may not be achieved simultaneously.
